

The community.

In 1937 Gianonio Fagnoli set up shop on Greene Avenue in Montreal as a shoe repairman. Quickly realizing there was an opportunity in the marketplace, he began to sell shoes as well. Seventy five years later Tony Shoes remains a family-run business and a landmark in the Montreal retail community.

What is it that really differentiates the Tony Shoes customer experience from all others? Personal service and customer care. Tony Shoes offers free delivery to the community and professional advice on how to care for both your feet and your shoes. Quality service is what they do best!

Tony Shoes is committed to giving back to the community that has supported them all these years. They have partnered with several Montreal schools to offer financial assistance to students and are a proud supporter of the Queen Elizabeth Health Complex Center.

Footwear and footcare expertise, excellent customer service and community-minded are the traditions that Tony Shoes was built on and that have made them the Montreal landmark they are today.
